You thought you had it coming  
But now you really, really just don't know  
It seems you make a deal far too big outta this

Aha, you thought that you'd done it  
Yeah, you thought that you had heard it all  
But the state of things is putting you down now  
Just because, whoah...

You know they say it's just the eighties coming back  
Can you feel it's the eighties coming back?  
Yeah, I know it's just the eighties coming  
Eighties coming, eighties coming  
Eighties coming back

You said let's do it  
Let's take it out and dance all night  
But those deep synthesizer sounds freak you out  
Whoah...

And now you wake up in the middle of the night  
In terror, all you do is cry  
Cold sweat, a cup of tea, no nothing seems to help you  
Through the night, my God

Now, it feels just like the eighties coming back  
Can you feel it's the eighties coming back?  
Yeah, I know it's just the eighties coming  
Eighties coming, eighties coming  
Eighties coming back

Yeah, you thought you had it coming  
But now it looks like you didn't know this  
But everybody's wearing their hair  
The way you did fifteen years ago  
And it makes you wanna cry

Oh, it feels just like the eighties coming back  
Can you feel it? It's the eighties coming back  
Yeah, I know it's just the eighties coming  
Eighties coming, eighties coming

Eighties coming back
