Chorus

We better ..
Tell me what you're gonna do
If we ride or die?
(repeats)

.. take one step out of time
.. we're gonna party all night
.. by my side
I love you how you're loving me
We're gonna make steps one two three four
You will be on my mind all the time
Ride or die
Is what I adore
If I got you
And you got me
I promise we're gonna be the ones
The ones
, no fun
We're gonna run

Run run run
We're gonna run
Run run run

Chorus

Thanks to feel
