So anyone who likes this song  
There's probably ten who hate it  
If this is how fucked up we have become  
Then I will celebrate it  
You're asking questions in your mind  
But you won't tolerate it  
I feel like we've been here before  
But no one can remember

Well I've been livin  
Livin out of laundry baskets far too long  
I've been lookin  
Lookin for you but I've just realized you're gone  
Everytime I see your face I get so withdrawn  
I get some stranger in my face  
Asking what is wrong

Well I have given  
Given myself way too much to think about  
Until my box of  
Box of crumpled kleenexes have all run out  
Every time reach a new low the bottom drops out  
Considering yourself a loser  
At least I'm good at what I do

So I sit, and I wait  
For the day that you say  
Why did you wait so long?
