I got another mountain to climb I gotta get you off my  
mind

I can't let a heartache get me behind I got another  
mountain to climb

Well all of my life I been a learnin' you gotta live it day  
to day

There's gonna be mountains of trouble you gotta climb  
along the way

And ever since you hold me your love was a burning  
out

I realized I got troubles I don't know nothing about  
I got another mountain...

[ steel ]

Well I've never known such a hurtin' with any troubles  
I've had before

I guess I just wasn't ready to see you walk out the door  
Sooner or later I'll stop hurtin' it's just gonna take me  
some time

To make myself start believin' is just another mountain  
to climb

Well I got another mountain...

I got another mountain...
