Father, all I can be is a man  
And all I can ask of you Father, my Father  
How can I be in your plan?

Send me a sign from the heavens  
In riddle or rhyme  
Descend from the skies of forever  
Pray give me a time  
For I have reached the end of the line

Defender of truth and of freedom  
Am I living a lie?  
I render my fruits to thy kingdom  
Pray give me a sign  
For I am weak, how long can I fight?

Father, when I can see you again?  
And when can I be with you Father?  
You gave up your life for me then, and when I needed  
you,  
Father, when can I see you again?  
And when can I be with you Father?  
You gave up your life for me then, and when I needed a  
friend.

Father, your Spirit I am longing to bring  
In tears can I ask of you Father, my Father  
To play your song through my strings?
