If you ever want somebody to love if you ever get to
feeling blue
If you ever want a little company then I'll come running
to you
It's been so long since I held you tight but I still dream
about you darling every night
I don't care who was wrong or who was right I'll come
running to you
Now all my love belongs to you that's just the way that I
feel
And if you'd give me the least little chance I'd show you
my love is really real
Well I'm not a bit ashamed to sit here and wait if that's
what I've got to do
Yeah I'll be around if your new love turns you down and
I'll come running to you
[steel]
Now all my love belongs to you...
Yeah I'll be around if your new love turns you down and
I'll come running to you
