Oh it takes a lot of money to treat my little honey like I  
want to  
Yes it takes a lot of money to treat my little honey like I  
want to  
I'd have to be a movie star and drive a great big  
Cadillac car  
And have a pocket full of money to treat my little honey  
like I want to

Well I'm so in love with you honey but my banker count  
sure runs thin  
And everytime I get a little money the prices get high  
again  
And it takes a lot of money...  
[ steel ]  
Oh these worn out clothes I'm wearin' they sure are an  
awful sight  
If it wasn't for these bills I'm carryin' I'd be with you  
every night  
But it takes a lot of money...  
And have a pocket full of money to treat my little honey  
like I want to
