Let me be the one to walk with you when you want
somebody to talk with you
Anything that makes you happy I wanna do oh darling
let me be the one
Let me be the one who means the most the one you
wanna love and call your own
And when you choose your partner I wanna be the
choice oh please let me be the one
Let me be the one to sit with you
And when you want some lovin' I'll know just what to do
Lots of lots of huggin' and a kiss or two you've gotta let
me be the one
Let me be the one to take you out to your favorite
places you have no doubt
And when the evening's gone with a kiss goodnight oh
please let me be the one
[steel]
Let me be the one to share with you all your little
pleasures and sorrows too
In all kinds of weather I wanna be with you oh please let
me be one
Let me be the one to hold your hand when the preacher
says do you take this man
All these happy thoughts will mean so much fun if
you'd only let me be the one
Let me be the one let me be the one let me be the one
