Well the Roc-A-Chicka, a boom boom
Move over baby, give your daddy room
A red-rah, roo-rah ree
It ain't nobody but you're lovin' daddy

[CHORUS]

Well everybody's rockin', everything is right
We're gonna have some fun tonight
Come on baby, take a lovin' cue
We're gonna lose them lonesome lovin' blues

Well I met my baby when the sun shined bright
She said, come on son let's rock tonight
We had fun, oh man, oh gee
So come on man and rock with me

[Repeat CHORUS]

Well I slicked down my hair and I shined my shoes
I'm meetin' my baby on?
She said, Hmm mmm honey, forget it all
Tonight we're gonna have a ball

[Repeat CHORUS]
