i feel the pain inside my heart
like a knife it tears me apart
my tears they shed i have no one
god! please tell me what i have done
i have no friends, no one who cares
nobody with love they can share
they laugh at me! i don't know why!
i lock the door and i cry!

i see myself i am a man
just like you and all of your friends
my heart so warm shattered like glass
don't know how much longer i can last
i have no friends, no one who cares
nobody with love they can share
they laugh at me! i don't know why!
i lock the door and i cry!
alone again! i'm alone again!
alone again! i'm alone again!
well that's how it will be 'til the end.

so when you die no one will care
i ask you do you think that it's fair?
soliloquy! well that's my plea
won't someone please believe in me?
i have no friends, no one who cares
nobody with love they can share
they laugh at me! i don't know why!
i lock the door and i cry!

alone again! i'm alone again!
alone again! i'm alone again!
well that's how it will be 'til the end.
