In the life that we live there is hardship and sorrow  
The pain that we share is but one and the same  
We fight to survive in a world that is hollow  
But where do we go from here?  
Yes where do we go from here?

In the life that we live is there hope for the morrow?  
The stain of our sins, they have blackened our name  
What will it be, should we beg, should we borrow?  
The keys of the kingdom to be,  
Yes the keys of the kingdom to be

By force and by chain, the world is enslaving  
The source of our pain is the evil of man  
There is no escape from the woes of this sorrow  
So where do we go from here?

To The Holy Empire kingdoms fall  
For The Holy Empire conquers all  
When The Holy Empire dawns  
We will live in peace with man and God

To The Holy Empire mankind falls  
For The Holy Empire conquers all  
When The Holy Empire dawns  
We will live in peace with man and God
