Show me how you gotta tie it up and beat it
You got fat Jack
He's gonna teach you how to breeze it
Tune in, turn on, you got me coming, time to rock it
Get back, my body's got it tight like a socket

More power to please it
You got to blow it away, yeah
Lips like a flower
It frees him
Check out Charlie 'cuz you know you're gonna need it

Pull the line, gotta push it and receive it
Get inside, boy
You gotta cut it up and feed it
Get your find 'cuz Sally's gonna wanna ride it
Swing low 'cuz mama's gonna smack it up and bite it

More power to please it
You got to blow it away, yeah
Lips like a flower
It frees him
Check out Charlie 'cuz you know you're gonna need it
