All set, code red
Center of the dance floor
Non-stop 'till we drop
I know that you won't be bored
Don't be shy, it's alright
I just wanna play
Give into me, boy just give into me
Got my eye set on you
You won't get away

Your love is like a video game
It drives me insane
I wanna play again and again
You know you got me hooked on your touch
I like it so much
That I hope it will never end

Your love is like a video game
It drives me insane
I wanna play again and again
You know you got me hooked on your touch
I like it so much
That I hope it will never end

So hot, let's not wait until your light's out
My guy so fly, show me what your all about
I forget everything
It's getting hard to breathe
You're all I see, boy you're all I see
You're so good
Guess I could take you home with me

Your love is like a video game
It drives me insane
I wanna play again and again
You know you got me hooked on your touch
I like it so much
That I hope it will never end

Your love is like a video game
It drives me insane

I wanna play again and again
You know you got me hooked on your touch
I like it so much
That I hope it will never end
