"Mama"

Lonely, long time lonely
I finally found your face
Only, oh if only
I never had to leave this place

I'm just a baby
But I feel old enough to die today
Ooh, I've got a long way
Before mama, makes it all OK

Hold me, for the last time hold me
I'm finally moving on my way
Show me that you wanna know me
No, I'll never ever be that way

I love you, maybe
I'm just holding on for a line to pray
Ooh, I've got a long way
Before mama, makes it all OK

Gonna get mine
Gonna bleed sunshine
Gonna feel fine
Gonna do alright
Ooh, I'm gonna find my way
