Ummm, Say all that I want to do Is to live my life

Ummm, but everytime I turn around

Another nigga dies Niggas catchin five to ten years

And it just ain't no use Uhh, uhh, ever heard of a nigga
dying twice

My love is just to live my life Till the Lord decides to out
my lights

Oh I know why niggas ain't prepared to die with me

But we all got to die one day

Even though the life has captured me

Money, drugs and prisons, menages with women

Forgive me God for living For I have sinned

Now everybody wanna cage me in

Don't make no difference cause I'm still here

Breathing, can I get a witness?

My life is misleading, hey Hety, cause anybody wanna
fuck with me

Come on just grab your heart my niggas

Don't ever doubt your niggas

What's life without my niggas?

Talk to my niggas heart to heart

We all live from hustlin' to ballin'

It's crime we fall in Feds keep a lens peakin' through
the Venetians

But secret indictments Ya'll niggas is reachin'

C'mon I'm in the business to break niggas

And anybody that want it get it hot from the INC. niggas

Ja Rule ready to kill niggas

Bury 'em all Lookin to laythem down big to small

Got the world in awe 'cause I'm spittin' the raw

Never seen, never heard before but truly yours

I'ma max out on niggas doin 2 to 4's

Bang a nigga in the yard then get a hit at the Board

Just because a nigga don't give a fuck get weeded and
Hennied up

Still the ball out be nuts Since you keeping

in touch feel the guns bust for sure if you want any
more Uncore
