By your side each minute's where I wanna be
Can't get you off my mind and let it rest in peace
So every step you make I wanna make it too oh I can't
keep away from you
I don't care where you are as long as you're with me
You're every dream I dream you're every breath I
breathe
My shadow follows you loves everything you do and I
can't keep away from you
Oh I can't keep away from you I couldn't if I wanted to
No matter how hard I'll try or what I'll do
You've got my heart and soul that's why I need you so
You're holding on to me I know I can't let go
But all what I go through to prove my love is true oh I
can't keep away from you
[steel]
Oh I can't keep away...
No I can't keep away from you
