Castles were made high and mighty  
And oceans were made deep and wide  
We were made for each other  
That's how I feel about my love for you

Up in the sky there's a rainbow  
That some people say has no end  
Well, this I don't know, it's true  
But there's no end of my love for you

Living each moment, waiting for your touch  
Praying each night you'll love me half as much

Vows that are made sometimes are broken  
And someone you trust can prove untrue  
But I'll never be unfaithful for you can trust in my love  
for you  
But you trust in my love for you
