Thanks thanks a lot I got a broken heart that's all I've  
got  
You made me cry and I cried a lot I lost your love baby  
thanks a lot

Yeah you told our friends I was just passing by and  
you're not sorry to make me cry  
You said I deserve just what I got well if that's how you  
feel honey thanks a lot  
Thanks thanks a lot..  
[ guitar - steel ]  
You wanted a fool and I played the part now all I've got  
is a broken heart  
We played a little and laughed a lot and then you were  
gone well honey thanks a lot  
Thanks thanks a lot..
