Why should I?

Why should I?
Why? Why? Why?
Why should you cry?

Why should I need to accept you?
Com' on tell me why.
And why should I cry for you.

Why should I need to care you ever more?
Lo I would rather die.
Should I force myself to love you more?

Why should I follow whatever you say?
Or just let you telling lie and try.
I don't think I need to forgive you anyway.

Please tell me the reason why do you have to cry.
I think you don't have to behave that way.
As I know you're a great pretender anyway.

Why did you get away from me?
You let my heart bleeding night and day.
Thousands of apologies are worthless too

Chorus

Please realize what you have done to me.
Don't stop me running after my own destiny.
There's nothing for you to cry.
And I don't want to be your prey.
