[Chorus: girl - repeat 4X]

Choke me, spank me, pull my hair

[Xzibit]

Cinnamon, with a taste of honey, it ain't funny
When she walk in the room, I can't help actin a fool
I know what she like, she act right
She act like she ain't gon' survive the night
without my dick all up in her ass, so quick, so fast
I see her twin towers and I'm ready to crash
Walk around naked witcha beautiful ass
Who the fuck taught ya how to move that fast?
It took time to perfect the stroke, by any note
Maybe we really don't need to drink and smoke
And just try a new position, perfect your dick kissin
Bang on your G-spot 'til your (voice is missin)

[Interlude: Xzibit - repeat 2X]

I don't want to love, you
I just want to fuck, you
You should bring your friends, through
I'll fuck you and them, too

[Chorus]

[Xzibit]

I work hard when I'm breakin your back, my lil'
nyphomaniac
Suck it, swallow it, down the hatch
It ain't a game when she givin me brain, she doin her
thang
I'm up all night but I never complain
I don't, waste no time with makeup lines
I just, look in her eyes and read the signs
A lot of dudes wanna pull on her arm
Cause her ass and titties light up a room like a major
city
Just look how she fit in them jeans, it ain't fair
She get off too quick, when I pull on her hair
I'm the only nigga that can take you there
I ain't the only one fuckin and I don't care!

She come through with a couple of friends, a couple
bottles of gin
And then, that's where the party begins
And I'm the only nigga that's around for blocks
Baby get on top, and don't you stop!

[Interlude]

[Xzibit]

I know you love the way I'm diggin it out
I know it's hard to talk with all this dick in your mouth
Menage-a-trois, for moi, let's figure this out
I drink your Hennesey fifth, let's work the shit out
She don't gotta cheat cause it's a waste of her time
She'll never find another dick that's bigger than mine
Hands and knees side by side, I hit from behind
Flip it up, givin a fuck, we fuck all night
Bottom line, when I straighten your spine
I'm gon' find spots that ain't been hit and blow your
mind
Get in line, bitches stay on the grind, cause I'm on
mines
Redecorate your hips and lips and thighs
Ain't surprised you can be so pretty and be so nasty
Ass in the air like a pass to Grassi
It's a, thin line between hoes and women
And close my dick with a hat and change the linen

[Interlude]

[Chorus] - repeat 2X
