You always change your colors when ya find yourself in
a fix
and when you get yourself in trouble, you just pack
your bags and slipt
and your off to find a new love , who doesnt know you
like some do
put on a smile like it's makeup yea , protection from the
truth.

You better find out which road your on ,
you can't change who you are by the colors you put on
you better find somebody to lean on
make up your mind Chameleon

If they don't have what you need , you won't need then
right back
and if they gave you the world you'd find something
wrong with that.

OHHH you better find out which road your on ,
you can't change who you are by the colors you put on
you better find somebody to lean on
make up your mind Chameleon

You always change your colors when ya find yourself in
a fix
well if ya get yourself in trouble, you can pack your
bags and slipt.

You better find out which road your on ,
you can't change who you are by the colors you put on
you better find somebody to lean on
make up your mind Chameleon.
