I've got alligator shoes
And I've beeb makin' news
I've got plenty of women
I've got plenty of booze
(Give me a shot)

Walked into the spot light
At the local bar and grill
Find a down and dirty woman
Well I'm gonna take my fill
Look right into her bloodshot eyes and
Scream my honey, I'm gonna make you mine

I paid the tab
I called a cab
Went back to my place
Had a hell of a time

I get excited
I feel loose
I move to quick and I get
Caught in your noose

(And I sweat)
Every time that we touch
(And I sweat)
I get the chills up and down my spine
(Cold sweat)
You bet, you bet
Its a midnight stage freight
Ice cold sweat

Ooh we went home
All alone
Then we turned down the lights
And unplugged the phone
Well I'm a snake
But I'm no liar
Makin' love to me is like
Pouring gasoline on a fire
I feel loose
I move to quick and I get caught in your noose

(And I sweat)
Every time that we touch
(And I sweat)
I get the chills up and down my spine
(Cold sweat)
You bet, you bet
Its a midnight stage freight
Ice cold

All I want is a little action
Ooh a little bit of satisfaction
You beat me down
Then kick me out
So scream and shout
And shout shout
Oh yeah

Then I sweat
(Sweat)
Then I sweat
(Sweat)
Then I sweat
(Sweat)
Then I sweat
Sweat
(Cold sweat)
(Cold sweat)
I get the feeling every time
We fu fu fu fu fu
(Cold sweat)
You bet you bet
(Cold sweat)

Ice cold
