She's got an iron will  
She's gonna do what she thinks is right  
I know she will

And as for me I'm not that silent  
It's hard to live in a world this quiet  
And if you want me to let you go  
Well I think you should know

That I tried hard to live without you  
But it doesn't work for me  
And I tried not to think about you  
But your in all my dreams

I can't stand living on my own  
I can't stand staring into space  
I hate that everything I see turns into your face

She left an empty house  
Without a word, without a sound  
Without a shout

And as for me I'm not that silent  
It's hard to live in a world this quiet  
And if you want me to let you go  
Well I think you should know  
That I tried hard to live without you  
But it doesn't work for me  
And I tried not to think about you  
But your in all my dreams

I can't stand living on my own  
I can't stand staring into space  
I hate that everything I see turns into your face

My teary eyes have seen all I wanna see  
Of the world

I tried hard to live without you  
But it doesn't work for me  
And I tried not to think about you  
But your in all my dreams

I can't stand living on my own  
I can't stand staring into space  
I hate that everything I see turns into your face  
Turns into your face
