There was sunshine and now there's only rain
And blue skies, you turned them into pain
Words were so mad, I wanted everyone should know
What other people hold back
I loved the way you showed

Now I see with my own eyes
And not through someone else's lies
Yes, I followed
With a knife I call the truth
I sever ties and cut me loose
I won't follow

I never noticed blood on you before
But every time you pull another in, I see a little more
You control things
You tell them you're a friend
But if they ever try to get away
You crush them in your hands

Now I see with my own eyes
And not through someone else's lies
Yes, I followed
But with a knife I call the truth
I sever ties and cut me loose
I won't follow

Wherever you go, I won't follow

Now I see with my own eyes
And not through someone else's lies
Yes, I followed
With a knife I call the truth
I sever ties and cut me loose
I won't follow

And now I see with my own eyes
And not through someone else's lies
Yes, I followed
With a knife I call the truth
I sever ties and cut me loose
I won't follow

Wherever you go, I won't follow
