(Lyrics : Jani Lane / Music : Jani Lane and Rick Steier)

You speak from both sides of your mouth

I tried to work it out

You hated me all along

I tried to get along

You talk to much for me

It's verbal therapy

I don't need words to fight with you

Just my left and civil right with you

Bridge

Make up your mind

Stop wasting my time

Chorus

Then the storm broke

And the rain fell

Then the flood came

Made the river swell

Then the dam broke

I just let it go

I was pulled down

By the undertow
