If you could see my mind, if you really look deep, then
maybe you'll find
That somewhere there will be a place, hidden behind
my comedian face

You will find somewhere there's a house, and inside
that house there's a room
Locked in the room in the corner you see
A voice is waiting for me, to set it free, I got the key, I
got the key

Voices, I hear voices

In my head the voice is waiting, waiting for me to set it
free
I locked it inside my imagination, but I'm the one who's
got the combination
Some people didn't like what the voice did say
So I took the voice and I locked it away, I got the key, I
got the key

Voices, I hear voices, voices, I hear voices

Chorus:

Don't look back, look straight ahead, don't turn away,
then the voice it said
Don't look back, yesterday's gone, don't turn away, you
can take it on

(Solo)

Voices, I hear voices, voices, I hear voices

(chorus repeats 3x)

Voices, voices, voices, voices - don't look back

Voices, voices

(chorus repeats 2x)...
