I try so hard
I do all I can
But I'm just a man
Sometimes weak and hungry

I've been around
But the hardest thing I've found
Is keepin'the demon down

He wants more money
He wants more women
He wants more pleasure
It's never endin'.

And so he wants what he's got to have
And hunger cannot be satisfied
And now he needs it and so he'll take it
Everything
And all the time he wants your spirit
Your very soul, now
And this demon is in your mind
Keepin' keepin' the demon down
Keepin' keepin' the demon down
