Those rodeo clowns they seem so funny
But in a way they're kinda sad too
But those rodeo clowns don't make much money
She smiles and says, "Yeah, kinda like you"

I'm lost in the sand but all she sees is a pearl
She says she loves me
But sometimes I make her feel
Like the loneliest girl in the world

Sometimes I'm right here and sometimes I'm not
Sometimes my heart turns to rust
Sometimes I like me and sometimes I don't
She smiles and says, "Yeah that makes two of us"

I'm lost in the sand but all she sees is a pearl
She says she loves me
But sometimes I make her feel
Like the loneliest girl in the world

Some things in life you can't understand
And I don't know why but when I hold her hand
She says she loves me

'Cause sometimes I make her feel
Oh my baby loves me
'Cause sometimes I make her feel
Like the luckiest girl in the world
