"Move On"

We're wastin' all our time and energy it seems
To mend our broken hearts as if they were machines
There ain't a tool around that could make us tight

Hell, I don't know where all the good times went
Had a pocket full of love, now there ain't nothin' left
but lint
A handful of good times don't make it right

So move on, there ain't nothing you can do about it
Come on, love is like a puzzle when the pieces don't fit
There ain't nothing you can do about it, so move on

You've got to be you and baby, I've got to be me
And I don't wanna stay just because I don't wanna
leave
I got one foot out the door, I got one foot in my mouth

We're always sayin' things that we don't really mean
Like I love you and I'll be with you for all eternity
We don't have that long to work this out

So move on, there ain't nothing you can do about it
Come on, love is like a puzzle when the pieces don't fit
There ain't nothing you can do about it

And I tried to find the answers and I've read all the
books
Watched all the daytime shows, sometimes we're the
victims
Sometimes we're the crooks, that's just the way it
goes, oh yeah

So move on, there ain't nothing you can do about it
Come on, love is like a puzzle when the pieces don't fit
There ain't nothing you can do, so move on

There ain't nothing you can do about it, come on
Love is like a puzzle when the pieces don't fit
There ain't nothing you can do about it, move on
Move on, just move on
