Beyond the cost of diesel fuel  
And the tearing down of my old high school  
I still think about her  
The nation's rising deficit  
My fatal crave for cigarettes  
They all make me think about her

My life's one big catastrophe  
So don't expect too much from me  
I'm just hanging on, surviving Emily

My T-shirt that she always wore  
Her make-up in the bathroom drawer  
I can't get away from her  
Her perfume on my pillow case  
When I close my eyes, I always see her face  
Sometimes I wish I were blind

My life's one big catastrophe  
So don't expect too much from me  
I'm just hanging on, surviving Emily

Emily can you hear me?  
I'm callin' out your name  
Rescue me from these lonely days and sleepless  
nights  
They're driving me insane

I tried to stop this endless search  
Even started going back to church  
But I still feel the same  
And my friends all say I'm doing fine  
It's just gonna take a little time  
Oh yeah, nothing's changed

My life's one big catastrophe  
So don't expect too much from me  
I'm just hangin' on, surviving Emily  
Just hangin' on, surviving Emily  
I'm really hangin' on, surviving Emily

Yeah, yeah, yeah

I'm really hangin' on, surviving Emily  
Yeah, yeah, yeah  
I'm really hangin' on, surviving Emily, oh yeah
