I'm far from perfect baby I know it's true
But I guess nobody has to tell you
I don't always listen and I talk too much
I think I'm in tune when I'm out of touch, baby

Don't tell me I've done it again
There's a tear on your face with my name on it
And at this moment it must be hard to see
But I am not the enemy

Lay your defenses down, I'll put my arms around you
Put your arms around me
Baby I'm on your side, someday I'll get it right
How can I make you see I'm not the enemy?

I don't call when I'm coming home late
And there's three little words that are hard for me to
say
I'm not so good at all those little things
But baby I am not the enemy

Lay your defenses down, I'll put my arms around
You put your arms around me
Baby I'm on your side, someday I'll get it right
How can I make you see I'm not the enemy?

Lay your defenses down, I'll put my arms around you
Put your arms around me
Baby I'm on your side, someday I'll get it right
How can I make you see I'm not the enemy? Oh no no
no

Lay your defenses down, this ain't no battleground
How can I make you see I'm not the enemy?
