Three AM, I'm asleep,
let me see who broke my dream.
I don't feel like getting up,
but there's an asshole at my door.
I get up, grab my robe,
look outside it's so fuckin' cold.
I get to the door, scream out loud
"Who the fuck are you?
what the fuck do you want?"
Who the fuck are you?
what the fuck do you want?
Who the fuck are you?
what the fuck do you want?
Fuck you, fuck you,
fuck you motherfucker.
Open the door, what do I see?
Two motherfuckers aiming at me.
To my surprise, two forty-fives.
Two fuckin' triggers taking my life.
