Did you ever wonder  
Just who's in control  
Underneath the surface  
Feel a different world  
I feel the knife in my shoulder  
But it doesn't hurt at all  
I'll still be the loser  
Whichever way I fall  
It's just a dream that I had and I'm making a big  
mistake  
It's just a dream that I had and I'm making a big  
mistake  
It's just a dream that I had and I'm making a big  
mistake  
It's just a dream that I had and I'm making a big  
mistake  
I don't think you care  
Just what's goin' on  
They get some information for you  
Don't stay too long  
I can do what I want to  
And I could say what's in my mind  
I've gotta make some decisions

I'm running out of time

It's just a dream that I had and I'm making a big mistake

It's just a dream that I had and I'm making a big mistake

It's just a dream that I had and I'm making a big mistake

It's just a dream that I had and I'm making a big mistake

It's just a dream that I had and I'm making a big mistake

It's just a dream that I had and I'm making a big mistake
