Its that nigga gz wheez  
Back for the 9-c  
I ex sippin on the yak so people wanna know what's  
next  
Ain't nuthin changed, another day a new time  
With this uptempo beat with the g-funk rhyme  
Regulatin state to state, coast to coast  
Its all about the call of greens, yak, lets toast  
Cuz it's a ballin society  
I try to be the dopest i can be in this industry  
But you don't hear me  
I think ya betta, i think ya betta  
Cuz when i, get it goin on i ain't gonna let up  
I set up, the g-funk family and we  
Funkin up the industry until eternity  
Its alright with you if it's alright with me,  
We'll get down to the sounds of the lbc  
Chorus: repeat 2x  
Relax your mind, your mind, your mind  
Relax your mind and let your conscious be freein you  
down  
To the sounds of the warren g  
It ain't easy bein gz  
But the lifestyle i chose, the status to which i rose  
The doors, i open, i'm loccin, i'm scopin  
Through the eyes of the g child

I see many try to duplicate the lbc style  
But it ain't even happenin like that  
I was time i had to make a comeback  
And get mine, you know i'm genuine  
Been in motion with the potion with snoop since 89  
Devotion is the key for me so,  
Relax your mind and let your conscious be free  
The homey just touched down, foolin wit a pound  
Put yo gun down, so you can walk a safe ground  
Chorus: repeat 2x  
I know it's been hard on you for about two, so  
I had to relax your mind, i thought you knew  
Ain't nothin but a long beach party  
With yo hands in the air, with the twist of coke and

bacardi

All the homeys around and the slingshot t-shirts

Skirts wit the baby fat it'll work

Pass me the indosmoke and get locced-a
