Captain, the transporters ready

That's hip

Lieutenant Marvin, what is the condition of the planets
surface?

It is difficult to be precise

However, my instruments indicate

A condition of extreme rigor mortis, spreading rapidly
throughout the population

Highly illogical, Captain

A bunch of stiffs, huh?

Well, set coordinates for, ah

Chocolate City, and have a landing party of

Nine men beam down immediately, with phasers set
on funk-funk
