Intro/chorus: warren g

It's kind of easy when you're listening to the g-dub

Pioneer speakers bumpin as I smoke on a pound  
I got the sound fo yo' ass and it's easy to see

Verse one: warren g

Can I get in where I fit in? sit in, listen (uh-huh)  
Let me conversate better yet regulate  
Shake the spot with my knot, may fade  
Cause I don't like to dream about gettin paid  
I played ball through the halls, of c-i-s  
With snoop dogg's big brother, call him dirty left  
Rack em up crack em up stack em up against the gate  
The homies tryin ta catch me but they cain't, wait  
Damn, the street lights just came on!  
And my momma's in the streets tellin me to come  
home  
I hit the gate and I hops on my schwinn  
And I tell the homies, "aight then," yeah

Chorus 2x

Verse two: warren g

Verse two, (uh-huh), now what the fuck I do?  
Catch the bus to cal state, or chill with the voltron crew  
And make a few ends on the side  
Here comes a baby blue van, time to ride  
So I hops in the van with my nigga tick  
And baby poppa back then, that was my click  
We groovin to santa anna  
And we plan-on, makin hellafied mount of money (hell

And what I did for extra fees  
Was break niggaz after work playin get like me  
I was fourteen years old, havin a sack  
Just a young motherfucker eatin valupaks  
Shootin dice in the corners of the public schools

And I used to gangbang, but now it's a g thang  
And I still know how to make those ends  
You don't believe me, go ask the twinz motherfucker
