[Lil' Flip]

WOOOO, WOOOO! yeah, yeah
this that slow shit this for the females(for the ladies)
to let ya'll know what I been goin through
you know I'm still single
I'm just tryna find a chick who ain't no gold digger
(*coughs*) my bad platinum digger you feel me(hah)
it ain't trickin if you got it
but I got it and you ain't gonna get it
(based on a true story peep this)

[Lil' Flip]

I been through a whole lot of shit, a whole lot of pain
I've seen niggaz like go down the drain
just because they had a baby mama
but what they didn't know they wasn't prepared for the
drama
and they fuckin other niggaz playin games
won't let you see ya child start doin that shit that's lame
that ain't right no mo'
she do that shit because she say ya'll can't fight no mo'
but damn ya'll got a fuckin child together
think about ya past ya'll got wild together
when ya kid grow up he gon' be like mama where
daddy?
and you gon' be like daddy came with the drama
but the daddy wanna see his son but you playin them
games
I see the shit all the time they be playin them games
they think we lame because we take care
fix they hair, nails, and give them healthcare
ain't no more welfare they hit the jackpot
you feel me it's like the lottery they hit the jackpot
they get a kid, they get paid, they get a check every
month
and you like damn she gotta bet every month
yeah you sending that money but it ain't goin on ya
kids
go see how big her house is look what you did!
you could've been together, you could've kept it real
but you tried to fuck another hoe and somebody

squealed
you wanted to be a mack daddy, a pimp couldn't be
faithful
this shit almost killed you it made her feel hateful
and that's when a real nigga like me come in the
picture
cause I ain't tryna use ya gal I ain't no gold digger

[Lil' Flip]

I ain't tryna use her, ya know what I mean
do somethin for me, I do somethin for you its all gravy
I'm tryna find me a good chick, a down ass bitch
ya know, ya know, ya know if you unhappy I'll be ya new
papi
alright you can stop it, let 'em here that shit
