When you're walking down the street  
I'll be the one that stares like a statue  
You turn the corner  
I'll be the one that follows you downtown

When you finally notice me  
I'll be the one fumbling with his feelings  
Totally oblivious to anything  
And everything else around

Girl, when we met  
I'll be the one that showers you with attention  
To win your love  
I'll fight until the very end

When you treat me like a fool  
I'll be the one that doesn't need redemption  
Yeah, drive me away  
I'll keep coming back again and again

I'll be the rain if you want me to be  
Help you to grow with no guarantee  
Even be the clown sad but true but don't use me up  
Or I'll be the one that used to worship you

When silence fills your world  
I'll be the one that knows what you're thinking  
And when passion burns like fire  
I'll be the one bathing in the light

When the curse of darkness falls  
I'll be the one who offers a candle  
I'll even be the cushion  
For things that go crazy in the night

I'll be the rain if you want me to be  
Help you to grow with no guarantee  
Even be the clown sad but true but don't use me up  
Or I'll be the one that used to worship you

I'll be the rain if you want me to be  
Help you to grow with no guarantee

Even be the clown sad but true but don't use me up  
Or I'll be the one that used to worship you
