[Fabolous] [Talking]

This is dedicated to everybody who had a first love  
R Les

[Ryan Leslie] [Background]

Ya don't stop  
Ya won't stop  
Ya don't stop  
And it won't stop

[Fabolous] [Talking]

F to the A B

[Ryan Leslie] [Talking]

It's got to be next selection  
Just rock with it come on

[Ryan Leslie] [Background]

Ya don't stop  
Ya won't stop  
Ya don't stop  
And it won't stop

[Fabolous]

Baby it could be  
How it used to be  
Or maybe  
It could be you ain't used to me  
Cause it used to be the charm  
But I'm early as a rooster on a farm  
With a jacob exclusive on the arm  
But nothing come close to the feeling of your first  
If you love to hustle it's like dealing on the first  
It's deeper than the dishes on the V's  
Just remember that the fishes in the sea  
Wishes they could be with me

[Ryan Leslie]

I've been through it  
You've been through it  
Never want to break up, but you do it

Nothing's working  
Both are hurtin'  
You're going out and you catch yourself flirting  
Arguing like  
Every week it's  
To the point where you really ain't speaking  
So you leave her  
But it's only  
A matter of time before you say

Girl, I'm so broke down without you  
Girl I messed up  
Baby, Can you forgive me?  
I can't stop thinking 'bout you  
Cause I was at my best when you was with me  
It's funny  
(Funny)  
How things get re-arranged  
(Re-arranged)  
Now, Left out in the rain  
Baby, baby

I know you feel what I'm talking bout

Cause we all got somebody who  
Used to  
She used to be your number one  
She used to be your only lover  
But now  
She's gone and you miss her

Cause, she used to be

She used to be your number one  
She used to be your only lover  
But now  
That's just what she used to be

Now every now and then  
You get the feeling  
Seein' her again might be appealing  
So you call her, dial the number  
Say you want to hook up  
Cause you wonder  
How she's doin?  
Is she okay?  
And do she wanna see you this friday?  
And if it works out your way  
This is what you hear yourself say

I'm so broke down without you

(Down and out)  
Girl I messed up, can you ever forgive me?  
I can't stop thinking bout you  
(Can't stop, thinking bout)  
Cause I was at my best when you was with me  
It's funny  
How things get re-arranged  
(I'm left in the rain)  
Left out in the rain  
Baby, Baby  
(You know just what I'm talking 'bout)  
We've all had somebody who  
Used to

She used to be your number one  
(Used to be)  
She used to be your only lover  
(Now)  
But now  
(She's gone)  
She's gone and you miss her  
(And she used to be)  
Cause she used to be your number one  
(Used to be)  
She used to be your only lover  
(She used to be your baby)  
But now that's just what she used to be  
(And she Used to be)

[Fabolous]  
I remember walking through park  
On the phone talking till it's dark  
Laying on the golden sands  
Holding hands  
Till we got golden tans  
Knowing one day we gon' wear golden bands  
Let's take it back when you had my name on your nails  
And you came with the bails  
Soon as I came in the jail  
You was there for me  
But I don't see you as much now  
I guess I dropped the ball on a game-winning  
touchdown

[Ryan Leslie]  
(And she used to)  
She used to be your number one  
(Used to be your...number one)  
She used to be your only lover  
(But now)  
But now

(She's gone)  
She's gone and you miss her

Cause she used to  
She used to be your number one  
She used to be your only lover  
But now  
That's just what she used to be

She's lost in your memory  
She's lost in your memory
