I will come to you
In the middle of your dreams
To do what you want me to
No-one would know
What from you could leave the clue
We would be lovers
Not like any others, I know
chorus:
I'd be anything you want, baby
Anything you want, baby
In your dreams
I'd be anyone you want, baby
Anyone you want
but I won't be me
Do you like me, what
Not as I really am
A loose chat
Try to do what I can
To please and love
win you around to me
It sounds so crazy
They don't know baby
You see
chorus
Do I take your style
If that's what you want me to
I had my smile
Say that I really do
Want to need
Just what you say and choose
Turn on the light tonight
All of the eyes are on you
Chorus (2x)
Anyone you want
but I won't be me
