It used to seem to me that my life ran on too fast
And I had to take it slowly just to make the good parts
last
But when you're born to run, it's so hard to just slow
down
So don't be surprised to see me in the brighter part of
town

I'll be back in the high life again
All the doors I closed one time will open up again
I'll be back in the high life again
All the eyes that watched me once will smile and take
me in

And I'll drink and dance with one hand free
Let the world back into me, oh I'll be a sight to see
Back in the high life again

You used to be the best to make life be real to me
And I hope that you're still out there and you're like you
used to be
We'll have ourselves a time and we'll dance 'til the
morning sun
We'll let the good times come in, we won't stop until
we're done

We'll be back in the high life again
All the doors I closed one time will open up again
We'll be back in the high life again
All the eyes that watched us once will smile and take us
in

And we'll drink and dance with one hand free
And have the world so easily, oh we'll be a sight to see
Back in the high life

We'll be back in the high life again
All the doors I closed one time will open up again
We'll be back in the high life again
All the eyes that watched us once will smile and take us
in
Back in the high life
