I'm dying inside one more day
Throw my life out to die
I was invited to play
So I tried divine for you

This broken soul
I can't deny
When you drown, I'll help
Your mind is my hell

This broken soul
This broken heart

I'm laughing inside one more
Throw this life out to dry
I was invited to stay
So I tried to die for you

This broken soul
I can't deny
Beat all alone
The walk is is cold

This broken soul
This broken soul

I can't remember when we grew up instead
I'm seeing sin and listening to dreams
How far away from it were we
Close enough to fuck it

I will find
I will find
I will find
I will find

You will have to wait
Look in his face
Tell him about hate
What about everyday

This broken soul

This broken soul
This broken soul
This broken soul

This broken soul
This broken soul
This broken soul
Can't fix your broken heart
