In conclusion
Say a prayer for us
We must say goodbye
If we meet again
Please remember
Why we say good night
Take good care now
All earth's children
Learn from wisdom's cry
Hear the unspoken
See without sight
Learn yourself inside
Media children pacified
Information classified
Government hide behind religion
Kids like us get thrown in prison
We come to
We come to
We come to our own conclusions
(Repeat)
In conclusion
Please be wary
Where authority reigns
Control tightens
As we sleep
A false security
All our leaders
Answer to silent bosses
Where profit fills their greed
Think before action
Learn before acceptance
Decide what you should be
Media children pacified
Crosses stand where the dead men died
Governments hide behind religion
Kids like us get thrown in prison
We come to
We come to
We come to our own conclusions
(Repeat)
Say a prayer for us
That we don't lose

Our way
While freedom lies
There dying
We are there to hold
Its hand
Take all the children holy
To the river of the dead
Make them drink its waters
Lonely so they can learn what we had
Media children pacified
Information classified
Government hide behind religion
Kids like us get thrown in prison
We come to
We come to
We come to our own conclusions
(Repeat three times)
Goodbye
Goodbye
Goodbye -- Freedom
Goodbye
