Go to sleep
In my arms
A soul to keep
From all harm
I lie awake
In a crystal calm
Your face so sweet
Till the end of time
A lullaby
Makes you feel better
The world's all but died
But we're together
A lullaby
Makes you feel better
The hatred outside, really
Doesn't, really doesn't matter
Go to sleep
My baby
Go to sleep
Right next to me
You found the way
From what you've lost
The pain is great
As you pay the cost
A lullaby
Makes you feel better
The world's all but died

But we're together
A lullaby
Makes you feel better
The hatred outside, really
Doesn't, really doesn't matter
A lullaby
Makes you feel better
The world's all but died
But we're together
A lullaby
Makes you feel better
The hatred outside, really
Doesn't, really doesn't matter
It doesn't matter

It doesn't matter
It doesn't matter
It doesn't matter
It doesn't matter
It doesn't matter
It doesn't matter
It doesn't matter
It doesn't matter
