Violence, killin' my world  
Silence from all the girls  
Fired, the boss is a prick  
Tired, the nation is sick

I'm exploding, yeah, I'm rejoicing  
'Cause this is my time medicine on line  
Plastic sunshine, the pleasure's all mine

Hated 'cause I love rock 'n' roll  
Bankers love the money they stole  
Gassed out on yesterday's dream  
No one brother is blowin' my scene

I'm exploding, yeah, I'm rejoicing  
'Cause this is my time, medicine on line  
Plastic sunshine my time, get down
