They said you couldn't break away
The liars, they can't stop you
They say that you are just a pain
So what man you inspire

And then the world comes crashing down
And you're the toughest thing around
How many times they gonna count you out

And baby, you don't care
They said no one loves you, so what?
And you're going somewhere
So let's go

No, no, no, you're not real
No, no, no, you're a drag
No, no, no, no appeal
No, no, no, come on, man

We want more everything
We want more everything
We want more everything
We want more everything

Come on and take a piece of me
If ya got the guts to take it
I don't get anything for free
Except the piss I'm drinking

And when they guddle up on you
And promise everything you're screed
How many times they gonna rip you off

And man nobody cares
They said no one loves you, so what?
But you're going somewhere
So let's go

No, no, no, we can taste it
No, no, no, we get it all
No, no, no, you're degraded
No, no, no, we're having a ball

You live in the city
You live for fun
You look so pretty
But you're no one

We live like we're going crazy
I'm a backstage sewer hole
Don't care man, I'm not bitching
Just living like rock 'n' roll

Let's go out in the city and trash it
Like we're gonna die
Maybe we'll get arrested
The publicity is outta sight

No, no, no, you're not real
No, no, no, you're a drag
No, no, no, no appeal
No, no, no, come on, man

No, no, no, no more religion
No, no, no, no more school
No, no, no, no more rejection
No, no, no, no more screw
No, no, no
