Have you ever wanted  
To be someone you're not  
But you look into the world  
And you see what you've got  
There's nothing there  
But brains and guts  
Finally open the door  
And then it shuts  
Look to the center  
And I think you'll find  
The people that are gettin'  
They are blind  
You changed the channel  
And there's nothing there  
You weren't born pretty  
And it isn't fair...  
Here's to the losers  
The substance abusers  
To the rejects  
All the imperfects  
'Cause I think we're beautiful  
'Cause I think we're beautiful  
'Cause I think we're beautiful  
No matter what anyone says  
I think we're beautiful  
Them most beautiful  
In the world  
You try for jobs  
But they say you're strange  
You're sportin' a style  
That they call pain  
So you get in trouble  
And your brain is gone  
You're cryin' out man

But the words are wrong  
Here's to the losers  
The substance abusers  
To the rejects  
All the imperfects  
'Cause I think we're beautiful  
'Cause I think we're beautiful

'Cause I think we're beautiful  
No matter what anyone says  
I think we're beautiful  
Them most beautiful  
In the world  
I know you're tired  
Of being put down  
And all the crap that's said in town  
But you're the person that matters most  
I raise my glass, and make a toast  
This one's for the losers  
Substance abusers  
To the rejects  
All the imperfects  
To the retarded  
And the broken-hearted  
To the starving masses  
And the lower classes  
'Cause I think we're beautiful  
'Cause I think we're beautiful  
'Cause I think we're beautiful  
No matter what anyone else says  
I think we're beautiful
