Your face is fading away
And all I can say
Are things that you'll never know
Where did the good times go?
Don't wanna do this again
It's more than I can say
Baby I'll be gone before you awake
(Before you awake)

Feelings are fading all around me
Choking as everything surrounds me
Breathing the lives are suffocating
Trying to live a life of dying

You never wanted me to say goodbye
I tore the letters up and left them all behind
I never wanted to make you cry
I'll tell you the truth so that I can tell a lie
(Tell you a lie)

Feelings are fading all around me
Choking as everything surrounds me
Breathing the lives are suffocating
Trying to live a life of dying

Feel so alone
As I try to let you go
Just learn to be strong
So you can still hold on
Still hold on
(Still hold on)
(Hold
On)
(Still hold on) (On)

Feelings are fading all around me
Choking as everything surrounds me
Breathing the lives are suffocating
Trying to live a life of dying

Feelings are fading all around me

Choking as everything surrounds me
Breathing the lives are suffocating
Trying to live a life of dying
