I can taste the remnants of your kiss  
I can feel you on my fingertips  
I love the way you shake and moan when I touch your  
body  
I love the way you make me pull your hair  
I love the way you act like you don't care  
You keep me coming back again  
Cause your my addiction  
I'm holding out for you  
So use me like you do

Its burning in my mind  
Bloods intertwined  
Now you know what I want you to say  
I've got you on your knees  
But i'm the one who's begging please  
All these dirty games that we play

It's just the way you burn me with your eyes  
It's just the way you like to take your time  
It's just the way you rip my clothes  
It's killing me softly  
I love the way you always feel ashamed  
I love the way you make me scream your name  
Baby you know I cant say no so lets start the friction

It's burning in my mind  
Bloods intertwined  
Now you know what I want you to say  
I've got you on your knees  
But i'm the one who's begging please  
All these dirty games that we play

Tear me apart!  
You know I wanna do it again  
Rip my heart out  
Cause I wont need anything else  
Kill me again  
Take me down and show me the way  
Show me the way  
I swear ill never leave this like this

It's burning in my mind  
Bloods intertwined  
Now you know what I want you to say  
I've got you on your knees  
But i'm the one who's begging please  
All these dirty games that we play  
These dirty games that we play
