La la da de da dada
La la da de da dada
La la da de da dada
La la da de da dada

So, things will be like before
Will you get out of bed and follow through
get dressed and unlock the door
see a brand new day through your misty eyes
is it over now?

La la da de da dada
La la da de da la
La la da de da dada
La la da de da dada

So you wont care whart people say
Will you pickup the phone eahc time it rings
I know you hate when I talk this way
But behind the closed blinds its a sunny day
And its over now...

La la da de da dada
La la da de da dada
La la da de da dada
La la da de da dada

Life will go on why not fantasize
lets get our hopes up
tell me why not fantasize
its not gonna hurt us.

La la da de da dada
La la da de da dada
La la da de da dada
La la da de da dada
